This is my love song to Jesus. The words are from the Song of Songs because they so perfectly describe my feelings of devotion to the Lord. This is a very prophetic song and it has many layers of meaning. Every time I sing it, the deeper meanings become clearer to me. My prayer is that, as you grow in the Lord, the meanings of this song will become clearer and clearer to you as well, and that you will sing it to Jesus as your love song too.

My Beloved Is Mine

My Beloved is mine and I am His
His love is sweeter than wine
His Name is like oil, purified
In His shade I sit down and delight

His fruit is so lovely and sweet to my taste
His banner o'er me is love
His mouth is so full of sweetness
He is greatly to be desired

Many waters cannot quench His love
Nor shall the mighty rivers overflow
This is my Beloved and this is my Friend
Oh daughters of Jerusalem

Listen, my Beloved He comes
Climbing the mountains, leaping on the hills
Arise my darling and come away
His desire is for me

Make haste my Beloved, my Beautiful One
Draw me after You, together we shall run
Who is this leaning on her Lord?
Oh draw me after You
